

MAROLEX Ergo Industry 3000 Heavy Duty Industrial Hand Sprayer

CLNE210 3 L, 1 each

Use this Heavy Duty Industrial Hand Sprayer for general spray application purposes, decontamination, disinfection and disinfestation.

- Manufactured high quality, durable, and chemical-resistant materials incorporating metal ball valves, reinforced hoses and high-flow capacity pipes
- Fitted with Viton seals, this sprayer can be used to apply a liquid solution of active agents and chemically strong detergents
- This hand-held pressure sprayer with pressure relief valve features ‘3D Flex’ design, allowing total flexibility to work in any position including upside down
- Suitable for a wide variety of industrial chemicals, degreasing agents, water, fine oils, kerosene, chemicals, solvents, water-based paints and emulsions
- Can be used for washing machinery and for disinfection as well as for spraying plant protection chemicals and fertilisers
- NOTE: Can be used with most inorganic acids; also organic acids, hydrofluoric acid, nitric acid in a concentration lower than 10%; also sulfuric and phosphoric acids in a concentration lower than 30%; potassium and sodium hydroxide in concentrations lower than 20%. NOT suitable for use with hydrochloric acid, sodium hypochlorite, flammable liquids including gasoline and solvents, or viscous liquids

Action	Hand-held pressure
Use With	Industrial chemicals, degreasing agents
Colour	Yellow
Dimensions	15cm W x 15cm L x 35cm H
Storage Capacity	3 L
Dispensing Method	Pressurised, 0.4 MPa
Temperature Limit	104°F (40°C) Maximum Temperature

Sold as	1 each
Weight	.6 kg
Composition	Polyethylene (LDPE), viton seal
