

## 3/4-Inch Polyethylene Drum Tap

DRM346 For Non-viscous, Non-corrosive Liquids,  
For .75" NPT Bung

Dispense resins, adhesives or other liquids from this disposable, chemical-resistant drum tap.

- Inexpensive drum tap can be discarded after dispensing liquids that may harden or gel on the drum tap over time
- Economical alternative to steel drum taps to help ensure chemical compatibility
- Ideal for use with adhesives, resins and fixatives
