

660-Litre 4-Wheeled Bin

CANE203 Holds 660 ltr., 80cm x 137cm x 120cm, 1 each

This 4-wheeled bin is ideal for many different types of waste collection like paper and cardboard, glass, packaging, organic materials, as well as being a robust container for spill control absorbents.

- Durable body and lid are injection moulded in stable, solid-coloured high-density polyethylene stabilised against the combined effects of UV radiation and water for a long usable life
- High-density polyethylene makes the product highly resistant to atmospheric conditions and gives it great stability against fluctuations in temperature and total corrosion resistance
- Manufactured using environmentally-friendly recyclable materials with no heavy metals in the pigments used
- Integrated handles in the body and lid for easy use; DIN standard lifting system suitable for use with standard collection and cleaning systems
- Fitted with four 200mm solid rubber wheels on 360º swivelling steel castor brackets for effortless manoeuvrability; two of these are individually braked to prevent accidental movement
- CE Marking with sound power level shown in accordance with European Directive 2000/14/EC, 83.1 db
- Product Approval Certificate awarded by TÜV Product Service GmbH in accordance with European Standard EN 840

Specifications

Style	Hinged Lid
Dimensions	80cm W x 137cm L x 120cm H
Sold as	1 each
Weight	40.5 kg
# per Pallet	5
Composition	High-density polyethylene
Capacity	660 ltr.
Opening Dimensions	118cm W x 66cm L
