

ADR Spill Response Box - Large

CANE208 For PIG® ADR Spill Kits

Our large ADR Spill Response Box is ideal to protect your ADR Spill Response Bag from the elements and is large enough to keep essential spill control accessories, like drain seals and a containment pool, ready for on-the-road spills and leaks.

- The large ADR Spill Response Box can be incorporated in the side guard of the trailer in accordance with Directive 89/297/EEC
- Single handle three-point locking mechanism secures the contents; handle dust cover protects the lock
- Manufactured from fully recyclable, chemical-resistant, UV-stabilised polyethylene
- Suitable for truck and trailer mounting using optional fitting kit (sold separately, GENE207), or can mount directly onto the trailer floor if required
- Recommended maximum loading weight is 75kg; additional load may be carried if a support base shelf is added and the bracket supports are reinforced accordingly
