Collapsible Flexible Utility Tray

PAKE943 150cm x 150cm x 13cm, 187 L Sump Capacity, 1 each

The Flexible Utility Tray has a roll-up folding structure for compact storage yet deploys in seconds for the fast capture of leaking liquids.

- Perfect for the immediate capture of leaking substances and for spill prevention during storage of containers, bottles, parts of equipment
- Made from a coated PVC/PES fabric, it is resistant to oil-based substances, acids and alkalis at temperatures between -30°C and +70°C
- Storage strap with clip ensures simple transport whilst maintaining storage shape by “rolling”
- Reinforced sidewall design ensures better stability and strength whilst maintaining the lightweight feature of the tray
- Eyelets in the corners allow the tray to hang, or can be used to secure the tray in outdoor conditions
- Suitable for indoor and outdoor use, for maintenance work, tool cleaning, storage of instruments & machine parts, for short term storage of canisters & barrels, or for contaminated parts and equipment
- Ideally used in workshops, production halls, warehouses with chemicals, etc.
