

## Collapsible Flexible Utility Tray

PAKE946 80cm x 120cm x 13cm, 124 L Sump Capacity, 1 each

The Flexible Utility Tray has a roll-up folding structure for compact storage yet deploys in seconds for the fast capture of leaking liquids.

- Perfect for the immediate capture of leaking substances and for spill prevention during storage of containers, bottles, parts of equipment
- Made from a coated PVC/PES fabric, it is resistant to oil-based substances, acids and alkalis at temperatures between -30°C and +70°C
- Storage strap with clip ensures simple transport whilst maintaining storage shape by “rolling”
- Reinforced sidewall design ensures better stability and strength whilst maintaining the lightweight feature of the tray
- The segmented reinforcements of this rectangular style enables the structure to be partially shaped and can enable use in narrow spaces
- Eyelets in the corners allow the tray to hang, or can be used to secure the tray in outdoor conditions
- Suitable for indoor and outdoor use, for maintenance work, tool cleaning, storage of instruments & machine parts, for short term storage of canisters & barrels, or for contaminated parts and equipment
- Ideally used in workshops, production halls, warehouses with chemicals, etc.

<b>Colour</b>	Red
<b>Dimensions</b>	80cm W x 120cm L x 13cm H
<b>Sump Capacity</b>	124 L
<b>Sold as</b>	1 each

<b>Weight</b>	4.5 kg
<b># per Pallet</b>	260
<b>Composition</b>	PVC with PES coating (680 g/m <sup>2</sup> )
