Collapsible Spill Bund

PAKE902 150cm x 150cm x 22.5cm, 450 L Sump Capacity

This collapsible spill bund is designed for a quick response to accidental leaks of water, oil-based liquids, and chemicals.

- Reinforced side walls ensure the spill bunds are rigid and self-supporting.
- Bunds are made from thick fabric with a protective proofing layer
- Resistant to oil-based substances, acids and alkalis at temperatures between -30°C and +70°C
- Handling belts have a maximum carrying capacity 200 kg with safety fastening hooks at both ends
- Built-in level indicator to show the quantity of retrieved liquid
- Quick assembly, easy handling, compact storage
- Ideal for use in industrial, transport & logistics, emergency, and construction sectors, as well as by the Fire Brigade
