

Dowsil 895 Silicone Sealant

PTYL301 12 - 310mL Cartridges

Create a liquid tight seal with your Build-A-Berm Barriers!

- A one part silicone sealant and adhesive for use with the PIG Build-A-Berm Barrier products
- Excellent adhesion to a wide range of substrates; high ultimate tensile strength
- Odourless and non corrosive cure system works in just 15 minutes
- One-component product; no need to mix multiple componets together to cure the product
- Resistant to ozone and temperature extremes; the cured product exhibits excellent weathering characteristics, and a high resistance to UV radiation, heat and humidity
- Use for bonding and sealing Build-A-Berm products to your concrete floors
