

## Flammable Liquid Storage Cabinet

CABE106 Holds 15 ltr., Manual-Close, 91.5cm x 46cm x 183cm

Safely store containers of flammable liquids in this durable Steel Cabinet.

- This rugged Steel Cabinet is engineered to store flammable liquids in compliance with current legislation and guidelines; welded construction of 0.9mm thick steel is designed to maintain its integrity for a 30-minute fire resistance as per HSG 51
- Adjustable spillage trays and liquid-tight sump tray act as shelving for small containers; design still allows liquids to drain through and collect in bottom sump
- Three-shelf design adds storage space and options; Cabinet can accommodate various container sizes
- Bottom sump removes easily for emptying and to clean up spills
- Rebated doors securely close with a strong, 3-way chrome locking grab handle; helps create a vapour seal when closed
- High-visibility +PREMIERSHIELD powder-coat finish is a hard-wearing coating with active silver ions; inhibits bacteria growth and resists chemicals, corrosion and humidity
- Choose grey or RAL1003 yellow finish; both are marked with appropriate warning label to identify contents
- Reinforced vertical door panels help prevent distortion during heat and fire conditions
- Additional Shelves available separately

<b>Dimensions</b>	91.5cm W x 46cm D x 183cm H
<b>Locking Mechanism</b>	Keyed (2 Included)
<b>Outdoor Use</b>	Not for Outdoor Use
<b>Shelves</b>	3 - Adjustable Shelves
<b>Sold as</b>	1 each
<b>Weight</b>	80 kg
