FloodFence Corner Unit

PLSE316 69cm x 61cm x 45cm

Use the FloodFence Corner Unit to create non-liner flood barriers.

– Allows inner or outer corners to be deployed in conjunction with standard FloodFence Units
– A single unit creates an 'inner' corner
– Two connected units make an 'outer' corner; requires additional FloodFence Outer Corner Locking Pin (sold separately)
– The system is self-balancing with each unit incorporating a slim line base gasket to allow an effective seal to hard-standing ground terrain
