

Floor Label for PIG® Spill Kit

SGN1061 For PIG® Spill Kits

Reserve a spot on the floor for your spill kit for heightened awareness and faster response.

- Floor label designates a specific place for a spill kit; increases the visibility of kit location and saves valuable response time
- Helps ensure that your kit is in the proper location during inspections
- "Spill Kit" legend printed in bold, black lettering on bright, yellow label identifies the kit location
- 4mm vinyl with skid-resistant overlay withstands industrial traffic
- Self-adhesive label sticks to most clean, dry surfaces
