

General Purpose Safety Store

NPL206 210cm x 210cm x 240cm, Holds For Small Drums, Containers & Cans

Safely store flammables, chemicals and other hazardous materials.

- Relocatable Store can be moved with a suitable forklift or crane
- Fully-welded, 2mm-thick steel construction offers improved strength and durability over riveted units; ideal storing flammables, chemicals and hazardous materials
- Leakproof sump catches leaks, drips and spills; helps prevent groundwater contamination
- Per HSG 51, light weight roof is designed to be the weakest point to maximise safety; in case of fire or explosion, the blast will go upwards through the roof instead of blowing the doors or walls outwards
- Galvanised pitched roof with 8cm wide guttering on both sides prevents rain water from puddling and collecting
- Each side of the Safety Store features two full-length shelves, 200cm L x 50cm W; each shelf has a safe working load of 80kg
- Removable galvanised grid flooring
- Fully-opening double doors are lockable with a drop "T" latch lock (2 keys included)
- Chemical- and corrosion-resistant paint also withstands harsh outdoor conditions; minimum of 100 microns thick

Specifications

Colour	Varies
Dimensions	210cm W x 210cm D x 240cm H
Load Capacity UDL	3375 kg
Sump Capacity	800 L
Rain Gutter	8cm Gutter on Both Sides
Sold as	1 each
Weight	1250 kg
Composition	2mm profiled mild sheet steel over 50mm x 50mm x 3mm RHS tube
Capacity	For Small Drums, Containers & Cans
Door Style	Double Swing Doors
