

HAM-O® Universal Mat

MAT117 Heavyweight, 41cm x 51cm, 100 pads

"Hamouflage" pattern hides grime so mat always looks clean. Scuff-resistant top layer stands up to foot traffic in aisles and walkways.

– Exclusive "hamouflage" top layer saves on product and disposal costs; absorbed grime is invisible, so you'll leave mat in place longer and save money!
– Fast-wicking "diaper action" transfers liquids from the top layer into the absorbent inner layers; spills disappear in seconds
– Tough, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated
– Under the Ham-O top layer is the proven layered, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
– Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
– Absorbs and retains oils, coolants, solvents and water
– Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
– Can be wrung out and incinerated after use to reduce waste or for fuels blending
– Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups
