

IBC with Plastic Pallet

DRME300 1000 L, Plastic Pallet, 100cm x 120cm x 119cm

Store liquids in bulk in this durable IBC unit in a steel cage.

- 1,000-litre Intermediate Bulk Container replaces five 200-litre drums, saving space and reducing costs associated with filling, dispensing, handling and disposal
- UN-certified IBC meets storing and shipping requirements
- Steel cage surrounds and protects inner polyethylene tank
- Attached support pallet adds strength and manoeuvrability
- Forklift entry for quick and easy transportation, even when full
- High Density Polyethylene (HDPE) tank is chemical-resistant and light-weight
- 2" outlet valve (S-60 x 6 internal thread) is fitted at IBC's base for easy dispensing into smaller containers
- Large 150mm opening on IBC's top allows easy filling; screw cap closes securely to prevent contamination of contents
