

Impact Protection Profile - Trapeze

PLSE283 Trapeze for Flat Surface, 40mm x 1000mm x 40mm

Impact Protection Profiles provide both visual warning and safety cushioning to hard unyielding objects.

- High quality moulded sections prevent injury and protect property
- Quick and easy to install - self-adhesive backed profile can be permanently fixed to smooth dust and grease-free surfaces on corners and edges
- Standard length is 1,000mm, and easily cuts to length with sharp knife or fine saw blade
- Made from flexible age resistant polyurethane foam, these profiles are fire resistant, and CFC and silicon free
- UV resistant yellow/black colours according to DIN 4844
- Applications include internal and external machinery, racking, conveyers, vehicles, mobile trolleys, corners, columns, girders, production areas, transfer routes, hospitals, laboratories etc.
