

Industrial Safety Matting

FLML400 For Wet Applications, 60cm x 5m x 12mm

Matting provides enhanced traction, anti-fatigue properties and maximum drainage; ideal for wet and oily work areas.

– Industrial Safety Matting relieves worker fatigue and increases traction. Its large 22mm x 22mm drainage holes make it perfect for wet and oily industrial environments where liquid and swarf gathers like production lines, assembly areas, workbenches, machine shops, packaging areas and more.
– Recommended for medium duty use in wet industrial environments, suitable for frequent oil spills
– Interwoven PVC matting resists many oils, greases, mild acids and alkalis so it can be used in a variety of industrial settings
– Hard-wearing flexible PVC extrusions are cross-ribbed in both directions; adds traction for safer footing, as well as enhanced mat durability
– Flexible PVC construction provides anti-fatigue properties; helps increase worker comfort and productivity
– Fully reversible Mat is easy to clean and reposition
– Slip resistance R10 according to EN 13552
– Fire tested to DIN 54332 (B2) part of DIN 4102
– Factory-fitted bevelled edges available to custom order; must be specified at time of ordering

Item#	Description	Dimensions	Weight
FLML400-RD	Red	60cm W x 5m L x 12mm H	15 kg
FLML400-GR	Green	60cm W x 5m L x 12mm H	15 kg
FLML400-BL	Blue	60cm W x 5m L x 12mm H	15 kg
FLML400-BK	Black	60cm W x 5m L x 12mm H	15 kg

Item#	Description	Dimensions	Weight
FLML400-RD	Red		
FLML400-GR	Green		
FLML400-BL	Blue		
FLML400-BK	Black		

Dimensions	60cm W x 5m L x 12mm H
Bevelled Edge	No
Grit Surface	No
Modular	No
Safe for Welding Areas	No
Sold as	1 each
Weight	15 kg
Composition	Poly Vinyl Chloride (PVC)
Application	Wet Applications
Chemical Contact	For Heavy Chemical Contact
Oil/Grease Contact	For Heavy Oil/Grease Contact
Static Dissipative	No
Water Contact	Draining

Certifications, Approvals and Ratings

Conforms to Slip Resistance Test EN 13552 Category R10,Fire tested to DIN 54332 (B2) part of DIN 4102
