Large Surface Folding Pool

PAKE915 250cm x 500cm x 20cm, 2500 L Sump Capacity

This Folding Pool is ideal as a mobile environmental protection device suitable for quick response to accidents especially where the environment is threatened by leaks of hazardous substances into soil and/or water, or for decontamination of vehicles.

- Manufactured from extra thick fabric with a protective proofing layer
- Easy to drive in/out, it can function as a portable reservoir or for decontaminating and cleaning vehicles of all types
- Resistant to industrial fluids, chemicals, hydraulic lubricants and oil-based liquids such as fuel oil, diesel fuel, gasoline at temperatures between -30°C and +70°C
- Simple and quick to unfold makes assembly quick whilst providing easy handling and compact storage
- Transport bag, a protective pad and under-wheel tracks to maximise durability of the Pool are all included
- Ideal for use in industrial, transport & logistics, and emergency sectors, as well as by the Fire Brigade

Maximum Working Temperature	70°C (158°F)
Colour	Red
Dimensions	250cm W x 500cm L x 20cm H
Sump Capacity	2500 L
Folded Dimensions	140cm x 75cm x 15cm Folded
Usable Floor Space	500cm x 250cm Floor Space
Wall Type	4 Manual Walls
Sold as	1 each
Weight	55 kg
New Pig Patent	#22118

# per Pallet	4
Composition	PVC with PES coating (900 g/m²)
