

Leak Diverter Bare Hose with No Connectors

TLSE162 For Leak Diverter Connector Pack, 1.2cm x 50m

Create any length of drainage hose for your PIG Leak Diverter using our Leak Diverter Bare Hose.

- Channel liquid from your PIG Leak Diverter with a hose that lets you monitor flow at a glance.
- Clear material is inconspicuous in most environments and lets you monitor liquid flow
- Combined with our TLSE163 Hose Connector Pack (sold separately), this clear drainage hose will attach easily to a PIG Leak Diverter to channel liquid to a drain or holding tank
- Long hose length allows you to create multiple, custom length hoses to work with your PIG Leak Diverters
- NOTE: This bare hose is supplied with NO connectors and will not attach to a PIG Leak Diverter without the addition of a ¾" male thread connection, available separately as TLSE163 Leak Diverter Hose Connector Pack
