

Medical Absorbent Mat Pads

MATE1111 Lightweight, 50cm x 90cm, 80 pads

Prevent slips and falls in the operating theatre with super-absorbent Medical Mat.

- Keeps floors dry poly-backing keeps floors safe and dry during wet operating procedures
- Ideal for hospital floors contain and absorb spills from procedures like knee and hip operations where saline fluids are used in abundance for irrigation
- Super absorbent made of a non-wetting top layer to keep the standing surface dry, a superabsorbent central layer and a non-slip backing that grips to the floor
- Reduce slips and falls place with white, floorgripping side down to add traction and reduce slip hazards
- Minimise tripping hazards no more tripping over bunched-up blankets; increases focus on the patient and not the work environment
- Reduces clean-up time can be easily lifted and disposed of after use
- Pre-cut pads are simple to use place mat on clean, dry floor with white, floor-gripping side down to catch liquids as they accumulate; when mat is saturated, lift from floor and remove for disposal in accordance with local regulations
- Light-weight mat is only 1.3mm thick

Specifications

Colour	Medical blue with white base layer
Dimensions	50cm W x 90cm L
Mat Weight	Lightweight
Fluids Absorbed	Water-Based Liquids Only
Absorbency	Up to 57.6 L per box
Perforated	Not Perforated
Sold as	80 pads per box
Weight	8.5 kg
# per Pallet	12
Composition	Top layer – Three-dimensional perforated LDPE; Core - Air-laid cellulose with polypropylene;
Packaging	Base layer – Polyethylene high-grip film Box
Poly-Backing	Yes

UV Resistant No
