

Medical Absorbent Mat

MATE1120 Mediumweight, 90cm x 50m, 1 roll

Prevent slips and falls in the operating theatre with super-absorbent Medical Mat.

- Keeps floors dry poly-backing keeps floors safe and dry during wet operating procedures
- Ideal for hospital floors contain and absorb spills from procedures like knee and hip operations where saline fluids are used in abundance for irrigation
- Super absorbent made of a non-wetting top layer to keep the standing surface dry, a superabsorbent central layer and a non-slip backing that grips to the floor
- Reduce slips and falls place with white, floorgripping side down to add traction and reduce slip hazards
- Minimise tripping hazards no more tripping over bunched-up blankets; increases focus on the patient and not the work environment
- Reduces clean up time can be easily lifted and disposed of after use
- Simple to use cut roll to length to fit your space; place mat on clean, dry floor with white, floor-gripping side down to catch liquids as they accumulate; when mat is saturated, lift from floor and remove for disposal in accordance with local regulations
- Medium-weight mat is only 1.98mm thick

Specifications

Packaging

Colour	Medical blue with white base layer
Dimensions	90cm W x 50m L
Mat Weight	Mediumweight
Fluids Absorbed	Water-Based Liquids Only
Absorbency	Up to 108 L per bag
Perforated	Not Perforated
Sold as	1 roll per bag
Weight	11.2 kg
# per Pallet	24
	Top layer – Three-dimensional perforated LDPE;
Composition	Core - Air-laid cellulose with polypropylene;
	Base layer – Polyethylene high-grip film

Bag

Poly-Backing	Yes
UV Resistant	No
UV RESISIAIII	INU
