

Non-Sparking Drum Plug Wrench

DRME1020 31cm, 1 each

Straight-handled, all-in-one design opens common bungs, rings or drums.

– Elongated handle provides extra leverage and protects knuckles from scraping on drum during use
– Opens standard 2" and 3/4" bungs and works as a ring and drum wrench
– Integrated 1 1/4" socket for tightening drum taps
– Non-sparking bronze alloy construction

Colour	Bronze
Dimensions	31cm L
Sold as	1 each
Weight	0.8 kg
Composition	Bronze alloy
