

Oil-Only Booms

BOME800 13cm x 3m, Absorbs up to 113.6 L per bag, 4 booms

Take control of outdoor spill response with Oil-Only Booms.

- Strong mesh outer sleeve encases a poly sock skin filled with highly-sorbent filler
- Poly filler is left in its natural hydrophobic state — repels water (and floats) while only absorbing oils and other hydrocarbons – booms won't sink, even when saturated with oil
- A nylon rope and sturdy hardware ensure long-lasting durability and easy retrieval
- Durable, easy-to-use connectors provide a simple and efficient way to link Booms together and create a containment system big enough to handle almost any size spill on water
- White outer skin colour makes it easy to see when it's fully saturated — you save money by not throwing it away too soon
- 100% post-industrial recycled filler is environmentally conscious by utilising materials otherwise destined for disposal
- Works equally well on land or water; floats when fully saturated

Colour	White sleeve, speckled filler
Dimensions	ext. dia. 13cm x 3m L
Fluids Absorbed	Oil-Based Liquids But Not Water
Recycled Content	100% Post-Industrial Recycled Polypropylene Filler
Absorbency	Up to 113.6 L per bag
Sold as	4 booms per bag
Weight	10.01 kg
# per Pallet	8
Composition	Polypropylene Sleeve; Poly Blend Filler; Polyester Netting;
