PIG® Absorb-&-Lock Absorbent Pad with Waterproof Backing

WTR005 For Water, For Protects Surfaces from Water Damage

Deploy these super absorbent pads to absorb high volume leaks and drips. Waterproof backing delivers an extra layer of protection to keep floors dry.

- Super Absorbent Polymer (SAP) filler swells on contact with water and expands to pull in large volumes of liquid quickly
- Absorbed water is “locked” inside; won’t leach or run out when you pick up or dispose, even when fully saturated
- Water absorbing pads are ideal for sewage and toilet backups and overflows and at the base of equipment, appliances and machinery
- Expanded pads create a barrier to help prevent further leaks and drips from escaping and spreading into walkways; also good to help stop water from seeping under doors
- Pads (before water contact) are low-profile to fit tight spaces; unobtrusive design won’t create trip hazards
- Leave pad down until fully saturated, then dispose
- Non-toxic and non-hazardous for easy disposal
- Printed with “Caution” symbol for added safety

Height when fully saturated	5cm
Includes	(10) 27cm x 37cm Pads
Colour	White
Dimensions	27cm W x 37cm L
Fluids Absorbed	Water
Absorbency	Up to 41.6 L per package
Sold as	10 per package
Weight	.4 kg
Composition	Skin - Polypropylene;

	Filler - Super Absorbent Polymer (SAP)
Application	Protects Surfaces from Water Damage
