

## PIG® Absorbent Mat Roll in Dispenser Box

MAT4150 Heavyweight, 10cm x 46m, 1 roll

Cover long, narrow ledges or tuck this mat close to coolers or freezers to capture condensation and contain drips.

- 10cm x 46m rolls are ideal for covering long runs, narrow areas or placing in troughs; mat absorbs and retains leaks, condensation, and spills to stop them from spreading into walkways
- 100% polypropylene resists the growth of mildew, tearing and chemicals; reduces dust and holds in liquids, even when fully saturated
- Perforated every 25cm so you can tear off as much as you need for the job
- Very effective and highly efficient for absorbing water; water-soaked mats can be air-dried and reused
- Also absorbs and retains oils, coolants, grease, fuel, solvents, automotive fluids, paint, battery acid and most other liquids
- Lasts 2X longer than ordinary mats for fewer changeouts
- Layers of polypropylene are thermally bonded to make PIG Mat the strongest on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fibre construction won't leave liquids or fibre residue behind
- Choose between dark grey colour which hides grime so mat stays on the job longer or yellow, which is hi-viz for high traffic areas, and easier to see in poorly lit areas
