

PIG® Absorbents Workbench

CABE154

The PIG® Absorbents Workbench creates a sturdy workspace to capture grimy messes from degreasing, maintenance repairs and rebuilds with absorbent storage built in to keep your workspace clean!

- Sturdy Absorbents Workbench is perfect for maintenance and repair tasks, whilst keeping absorbents close to hand for fast spill clean up
- Tough 1.5mm mild steel work surface, with durable painted finish, withstands everyday use
- Unique reversible bench top doubles as a sturdy work surface and as a containment tray to catch leaks and overspray
- Add a Poly Grate (PAKE278, sold separately) to allow liquids to drain through into the containment tray
- Adjustable feet make it simple to level your PIG® Absorbent Workbench
- Two horizontal support bars accommodates the mat and wipe rolls up to 120cm wide – mix and match contents to suit your workplace
- Supplied flat pack and assembles easily in minutes

NOTE: PIG® Absorbents Workbench is supplied empty. Compatible selection of PIG® Absorbents sold separately
