

## PIG® All-in-1 Mat

MATE917 91cm x 314cm, 1 each

Not only will your floors be drier and safer, but your workers will also be more comfortable on this combo absorbent/anti-fatigue Mat. Its cushioned nitrile Tray grips HAM-O® Mat to prevent sliding and keeps slippery liquids from reaching the floor.

- Reusable, chemical-resistant nitrile rubber Tray features raised studs on back side for cushioning, comfort and aeration; offers workers fatigue relief and a secure surface to stand on that won't slip and slide underfoot, even on epoxy-coated or newly painted surfaces
- Gripping nubs on inside bottom of Tray hold absorbent HAM-O® Mat in place and eliminate unexpected movement
- HAM-O® Mat absorbs oils, coolants, solvents and water whilst non-permeable rubber Tray retains excess liquids to help keep floors dry around workstations and prevent slip-and-fall injuries
- Durable top Mat layer won't tear under heavy foot traffic whilst bevelled Tray edges create a smooth transition from floor to help prevent trip-and-fall injuries
- Exclusive "hamouflage" pattern makes leaks and drips virtually disappear, so Mat stays on the job longer
- Tray is fire-retardant according to DIN EN 13501
- Silicone-free materials can be used in spray paint applications with no risk
- Internal dimensions of tray are 82cm W x 305cm L
- Additional HAM-O® Pads sold separately; swap out used absorbents without replacing the Tray
