

Pig Blue® Absorbent Mat

BLU100 Lightweight, 38cm x 48cm, 100 pads

Our best value mat catches common industrial liquids and delivers more absorbency per pad so you use less, leave it down longer, reduce waste and save money.

– Catch and absorb steady leaks and drips until you can make repairs, especially in hard-to-reach areas, with our lightweight absorbent pads; provides the best value and allows you to use fewer pads on minor messes to minimise waste and save money
– Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
– Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
– Absorbs most common industrial liquids - oils, coolants, solvents, water and more
– Perforations allow you to tear off small or large pieces
– Eco-friendly mat contains 75% recycled fibres
– Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
