

Pig Blue® Absorbent Mat

BLU103 Heavyweight, 38cm x 46m, 1 roll

Soaks up common industrial liquids on shelves and ledges around machinery; delivers more absorbency per pad at a lower cost so you use less, leave it down longer and save money.

– Line shelves and ledges near machines with our narrow heavyweight absorbency rolls -- they pack the most absorbency power we offer so they can stay down longer in hard-to-reach areas
– Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
– Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
– Absorbs most common industrial liquids - oils, coolants, solvents, water and more
– Perforations allow you to tear off small or large pieces
– Eco-friendly mat contains 75% recycled fibres
– Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
