

Pig Blue® Absorbent Mat

BLU105 Lightweight, 38cm x 46m, 1 roll

Our best value mat roll catches common industrial liquids on shelves and ledges around machines and delivers more absorbency so you use less, leave then down longer and save money.

- Absorb leaks and drips on shelves and ledges around machines with our narrow lightweight absorbent rolls; they provide the best value, packing lots of absorbing power and staying down longer, so you use less on minor messes to create less waste
- Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
- Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
- Perforations allow you to tear off small or large pieces
- Eco-friendly mat contains 75% recycled fibres
- Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
