PIG® BLUE Absorbent Sock

MA1097 3.8cm x 74cm, Absorbs up to 34.1 L per box, 50 socks

Surround spills to prevent spreading with our heaviest absorbent sock. Extra-fine vermiculite filler pulls in liquid and hugs floors to stay in place.

– Nobody knows more about socks than New Pig - we invented them!
– The heaviest sock we make features extra-dense construction to hug floors and stay in place while containing spills
– Fine-grade vermiculite filler quickly absorbs leaks, drips and spills; great for spill response or absorbing machine leaks
– Stitch-bonded, polypropylene skin resists bursting; reduces dust and holds in liquid, even when saturated
– Absorbs and retains oils, coolants, solvents and water
– Ideal for diking and damming liquids
– Can be air-dried for reuse when soaked with water
– Small 3.8cm diameter is great to fit into tight spaces to absorb machine leaks and for special application diking

Colour	Blue
Dimensions	ext. dia. 3.8cm x 74cm L
Fluids Absorbed	Oils, Coolants, Solvents & Water
Absorbency	Up to 34.1 L per box
Sold as	50 socks per box
