

PIG® BLUE Absorbent Sock

MA1097 3.8cm x 74cm, Absorbs up to 34.1 L per box, 50 socks

Surround spills to prevent spreading with our heaviest absorbent sock. Extra-fine vermiculite filler pulls in liquid and hugs floors to stay in place.

- Nobody knows more about socks than New Pig - we invented them!
- The heaviest sock we make features extra-dense construction to hug floors and stay in place while containing spills
- Fine-grade vermiculite filler quickly absorbs leaks, drips and spills; great for spill response or absorbing machine leaks
- Stitch-bonded, polypropylene skin resists bursting; reduces dust and holds in liquid, even when saturated
- Absorbs and retains oils, coolants, solvents and water
- Ideal for diking and damming liquids
- Can be air-dried for reuse when soaked with water
- Small 3.8cm diameter is great to fit into tight spaces to absorb machine leaks and for special application diking

Specifications

Colour	Blue
Dimensions	ext. dia. 3.8cm x 74cm L
Fluids Absorbed	Oils, Coolants, Solvents & Water
Absorbency	Up to 34.1 L per box
Sold as	50 socks per box
