PIG® Build-A-Berm® Barrier 45° Corner

PLR136 29cm x 48cm x 3.8cm, 2 each

Customise a layout, using these crush-resistant 45-degree corners as part of your design, to build a semi-permanent barrier with our spill berms around your unique machinery setup or storage area dimensions.

- Contain leaks and spills around your machinery without building expensive concrete curbs or cutting and installing angle iron
- Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need; build it indoors or out
- Durable, 18 oz all-vinyl covering resists oils, coolants and most chemicals
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- Can be cut to length with utility knife; for best installation results, secure to a smooth, sealed surface with sealant (sold separately)
- High-visibility yellow colour draws attention to barrier for increased safety
- Easy removal requires only a flat-bladed shovel
- Great for use around battery charging stations, machinery or any other leak-prone areas
- Join two Build-A-Berm straight sections (sold separately) at a 45-degree angle

Style	Walk-on
Colour	Yellow
Dimensions	29cm W x 48cm L x 3.8cm H
Intended For	Use on Smooth Surface
Temperature Limit	-30°C (-22°F) to 71°C (160°F)
Sold as	2 per box

Weight	.68 kg
# per Pallet	204
Composition	18 oz. Vinyl-Coated Fabric with Open-Cell Polyurethane Foam Core
