

PIG® Burpless® One-Hand-Sealable Steel Drum Funnel with Overfill Preventer

DRM1127 For 115 and 210 ltr. Steel Drums w/ 2" BSP Bung, 1 each

Patented Burpless designs deliver no-splash filling and one-handed access for easy reg compliance.

- Fast pouring, no splashback and a one-hand latching lid make it easy to meet regs
- Exclusive latching handle design easily opens and closes lid in a simple, single-handed operation
- Secure closure helps you meet closed container regs, but opens and closes instantly
- Patented Burpless design vents during pouring for fast, smooth flow with no dangerous splashback
- Lets you pour without venting through 3/4" bung, a possible closed container reg violation if left open
- Nitrile gasket and locking mechanism completely seal lid to help reduce vapour emissions
- Lockable to prevent unauthorised access
- Durable, chemical-resistant powder coat helps ensure long service life
- Multiple lid colour options let you segregate drums
- FM Approved for flammable liquids when equipped with a PIG Drum Funnel Flame Arrestor (DRM617, sold separately)
- Built-in PIG Overfill Preventer stops flow when the drum is almost full to help you avoid messy overfills

Item#	Description	Dimensions	Weight
DRM1127-YW-NPT	NPT Threads, Yellow	29cm W x 38cm L x 38cm H	6.8 kg
