

PIG® Containment Boom Oil Spill Response Kit

KITE458 8cm Freeboard, 17cm Draft, 100kg Break Strength

Reusable Oil Containment Boom comes in this sturdy storage box, complete with all accessories for quick response and preventative deployment in streams, canals and roadside ditches and around boats in marinas.

- Contains two 5m lengths of portable, floating containment booms used to contain and control the spread of debris and waterborne spills such as oil and fuel
- PVC boom construction is strong and durable with a smooth surface finish making it easy to decontaminate after use, yet lightweight and easy to deploy without the use of boats
- Round shaped floats prevent the boom from snagging on itself when deployed, and strong connection fasteners allow multiple units to be easily linked together
- Kit includes end pieces, metal pegs, ropes and a hammer to secure the boom to river banks
- Oil Skimmers and Mat Pads soak up to 50.7-litres of any floating oil trapped by the containment booms; use disposal bags for collecting the used absorbents
- Tough, polyethylene storage box is UV stabilised and will not discolour through long term exposure to sunlight
- Hinged Lid protects contents and provides easy access
- Forklift channels to aid transport and storage

Specifications

Colour	Yellow
Dimensions	120cm L x 75cm H
Sold as	1 each
Weight	58.74 kg
# per Pallet	4
Composition	Booms - PVC; Skimmers & Mats Pads - Polypropylene
Break Strength	100kg

Draft Dimensions	17cm
Freeboard Dimensions	8cm

Includes

- 2 - 5m L Oil Containment Booms
- 4 - High-Speed Couplings
- 2 - Bank End Pieces
- 1 - Bank Protection Distribution Piece
- 3 - 15m L Rope
- 3 - 80cm L Galvanised Steel Pegs
- 1 - 7lb Head Sledge Hammer with Hickory Shaft
- 10 - 91cm x 152cm Polyethylene Disposal Bags (BAG201-L)
- 5 - 20cm dia x 46cm PIG® Oil-Only Skimmers (SKM403)
- 20 - 38cm W x 51cm L PIG® Oil-Only Mat Pads (MAT403)
- 5 - Nitri-Solve® Gloves (WPL588-10)
- 1 - 120cm W x 72.5cm D x 75cm H Poly Storage Bin
