

## PIG® Crysta-lite Absorbent Granules

P45-PLT For Oils, Coolants, Solvents & Water,  
Absorbs up to 1260 L per pallet, 70 bags

An economical, light weight, non-combustible loose absorbent for spillages of water, oils, organic solvents, and most acids. PIG® Crysta-lite Absorbent will absorb many times its own weight.

- Can be used as an absorbent media in enclosed containers for the disposal of liquid toxic waste substances
- Remains granular, even when saturated, to provide excellent retention; stands up to heavy traffic without releasing liquids
- Material is quarried, crushed, processed and screened to create a particle size of 3.0mm to 6.0mm
- The “expansion” of the product generates countless tiny air bubbles within the structure creating the ultra light weight of PIG® Crysta-lite Absorbent
- High surface area and excellent, fast-absorption properties give Absorbent the ability to create a low-slip surface
- Chemically inert product is ideal for the absorption and removal of chemical spills, oil and water spillages on floors, nuclear waste, hazardous chemicals and more
- Non-toxic mineral product is safe to handle and use without any risk

<b>Colour</b>	White
<b>Fluids Absorbed</b>	Oils, Coolants, Solvents & Water
<b>Absorbency</b>	Up to 1260 L per pallet
<b>Sold as</b>	70 bags per pallet
<b>Weight</b>	245 kg
<b># per Pallet</b>	1
<b>Composition</b>	Silicon, Aluminium, Iron, Sodium, Potassium, Calcium, Magnesium & Others
<b>Volume</b>	30 ltr. Bag
