PIG® Eco-Friendly Spill Response Bag

KITE211 Absorbs up to 34.4 L, 1 each

Stuffed with super-thirsty absorbents, our small eco-friendly Kit can handle a surprisingly big spill! A compact "Green" Bag makes transport simple, and its recycled-content pads and socks soak up more liquid with less environmental impact.

- Super-absorbent PIG BLUE® Mat Pads and PIG® SUPER Socks have maximum capacity for containing and soaking up spills of oils, coolants, solvents or water
- Environmentally friendly absorbents feature high recycled content; reuses material that would normally enter a waste stream
- Reusable Spill Bag is constructed out of jute plant bark; naturally strong and durable with waterproof inner coating to keep Kit clean, dry and ready to use
- High-visibility colour helps identify Spill Kit location; saves valuable time during response
- Hook-and-loop closure is easy to open for fast access to absorbents
- Carry handle affords convenient transport; makes it ideal for hanging on a wall, storing in a cabinet or being carried in a vehicle cab
- Compact design takes up little storage room and effectively deals with minor spillages
- Contains temporary disposal bags — also made from recycled polymers — and ties for neat and simple disposal of used absorbents

Dimensions	27cm W x 46cm L x 53cm H
Fluids Absorbed	Oils, Coolants, Solvents & Water
Recycled Content	75% Pre-Consumer Recycled Cellulose
Absorbency	Up to 34.4 L
Sold as	1 each
Weight	4.96 kg
# per Pallet	50
Composition	Pads: Natural and recycled fibres

	Socks: Recycled cellulose filler, polypropylene skin Disposal Bags: Regran polyethylene (recycled polymers) Spill Kit Bag: Jute
Includes	15 - 38cm x 48cm PIG BLUE Absorbent Pads (BLU101) 4 - 8cm x 107cm PIG SUPER Absorbent Socks (PIG210) 5 - 46cm x 76cm Regran Polyethylene Disposal Bags & Ties (BAGE203-S) 1 - Spill Kit Folder 1 - Spill Kit Chemical Compatibility Guide
