

PIG® Essentials 2-Drum Hardtop Containment Pallet

PAKE222 Holds (2) 210 ltr. Steel or Poly Drums, 250 L Sump Capacity, 650 kg Load Capacity

Load your drums into this roomy Hardtop Drum Pallet for all-weather protection and liquid containment.

– Rigid, double walled construction is ideal for the storage of chemicals, drum dispensing and hazardous waste collection
– Tall headspace easily accommodates drums with rotary pump equipment and conical funnels still in place
– 44cm high pallet sump catches leaks, drips and spills while keeping drum tops and accessories within reach
– Weather-resistant design prevents contaminants from entering stormwater and protects the drums inside
– High-quality, UV-stabilised polyethylene construction is extremely durable
– Access to both sides - only one side at a time - via two, tough, flexible, ribbed, easy sliding shutters
– Forkliftable from both sides, whilst empty
– Supplied assembled, so no need to worry about building the unit on-site – simply place into position and it’s ready to use!
– 4 recessed external side pockets for bolting the unit to the ground (Bolts not supplied)
– Two side panels with 2 storage compartments each (2 clear plates supplied as standard)
– Sliding door can be padlocked using a long shackle type - 80 mm vertical clearance recommended
