

PIG® Essentials Chemical Absorbent Pillow

PILE906 46cm x 46cm, Absorbs up to 45 L per box, 10 pillows

Chemical Pillows soak up acids, caustics and unknown liquids fast for quick, efficient response.

- 100% polypropylene pillows quickly absorb nearly any type of caustic, hazardous or unknown liquid — including acids, caustics, solvents and chemicals
- Pillows are easy to place in hard-to-reach areas — use under machines and leaky hoses or wedge in corners cramped for space
- Pulls liquids from the floor like a sock, catches leaks like a pan, absorbs spills like a pad; versatile product that works for many different jobs
- Ideal for spill response; pillow's large surface area speeds the absorption process and shortens the overall response time
- Colour-coded yellow outer skin for fast identification in an emergency spill situation
