

## PIG® Essentials Plus Oil-Only Absorbent Mat Pads in Dispenser Box

MATE835 Heavyweight, 40cm x 50cm, 100 pads

Oil-Only Mat Pad controls spills and overspray to help keep floors dry and safe.

- Top layer of low-lint spunbond fabric provides extra strength and tear resistance
- A layer of meltblown polypropylene creates high surface area that enables the mat to quickly soak up liquids on contact
- Mat absorbs high volumes of liquid fast; great for catching overspray or soaking up spills
- Bond points increase speed of absorbency and fuse layers of fibres together — Mat keeps its shape even when completely saturated
- Polypropylene fibres are naturally hydrophobic and repel water (and float) while only absorbing oils and other hydrocarbons
- Works equally well on land or water; floats when fully saturated
- Dispenser box makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need so you use less mat and save money
