

PIG® Essentials Pro Chemical Absorbent Mat Pads

CPFH100 Heavyweight, 38cm x 48cm, 100 pads

Chemical Mat quickly absorbs acids, caustics and unknown liquids for effective clean-up of high-volume spills.

- 100% polypropylene mat quickly absorbs nearly any type of caustic, hazardous or unknown liquid — including acids, bases, solvents and chemicals
- Colour-coded Safety Yellow for fast identification; know exactly what you're reaching for in an emergency spill situation
- Top and bottom layers of FineFibre are built of densely-woven, small-diameter strands of fibre to increase surface area — enabling the Mat to quickly soak up liquids on contact before they can spread
- Random assembly of large-diameter MeltBlown polypropylene fibres creates a high-loft inner layer that absorbs high volumes of liquid fast
- HeavyWeight construction offers the greatest sorbency
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need so you use less mat and save money
