

## PIG® Essentials Universal Mat Pads

MPH100 Heavyweight, 38cm x 48cm, 100 pads

Universal Mat controls spills and overspray to help keep floors dry and safe.

- Large-diameter fibres start wicking on contact to save time in critical situations, helping prevent environmental damage and potential slip hazards
- Provides quick, efficient cleanup; just soak up the spill, then throw the Mat away to get back to work faster
- Loose-stacked weave design maximises absorbency; use less Mat to reduce waste and save on disposal costs
- Ultrasonic bond points fuse layers of fibres together — Mat keeps its shape even when completely saturated
- Grey colour signifies Universal absorbency for easy visual identification
- HeavyWeight construction offers the greatest absorbency
- Pads are great for catching overspray or soaking up spills
