

PIG® Essentials Universal Mat Pads

MPL200 Lightweight, 38cm x 46cm, 100 pads

Universal Mat controls spills and overspray to help keep floors dry and safe.

- Sturdy and soft but has a higher loft than standard mats for greater economy without compromising absorbency
- Large-diameter fibres start wicking on contact to save time in critical situations, helping prevent environmental damage and potential slip hazards
- Provides quick, efficient cleanup; just soak up the spill, then throw the Mat away to get back to work faster
- Loose-stacked weave design maximises absorbency; use less Mat to reduce waste and save on disposal costs
- Ultrasonic bond points fuse layers of fibres together — Mat keeps its shape even when completely saturated
- Grey colour signifies Universal absorbency for easy visual identification
- Light-weight construction is ideal for small tasks and clean-ups
- Pads are great for catching overspray or soaking up spills
- Easy-tear perforations let you take only what you need so you use less mat and save money
