

PIG® HazMat Chemical Absorbent Mat Roll

MATE360 Heavyweight, 51cm x 41m, 1 roll

Specially-treated mats are the best on the market for absorbing highly concentrated corrosives like 98% sulfuric acid and 30% sodium hydroxide.

- Absorbs the widest range of acids, caustics and unknown liquids - even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- Layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fibre construction won't leave behind liquids or fibre residue
- Absorbs and retains most acids, caustics and unknown liquids
- Pink colour is easily distinguishable to assure workers use the correct mat during a spill emergency
- Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
- Rolls are ideal for covering large areas and soaking up spills
- Heavy-weight construction is highly durable and absorbent for demanding tasks and large-volume cleanups

Colour

Pink

Dimensions

51cm W x 41m L

Mat Weight

Heavyweight

Fluids Absorbed

Acids, Caustics & Unknowns

Absorbency	Up to 91.3 L per bag
Perforated	Perforated Every 25cm Lengthwise
Sold as	1 roll per bag
Weight	8.1 kg
# per Pallet	24
Composition	100% Polypropylene
Packaging	Bag
Poly-Backing	No
UV Resistant	No
