- Respond to small- and moderate-sized HazMat spills since the spill caddy's spacious interior holds 75-litres worth of absorbents and spill-response items, and the lockable front-loading doors open wide for convenient access; lock with a padlock (not included) to prevent pilferage
- Ensure visibility for others during clean up of a HazMat spill thanks to the yellow, high-visibility colour that also helps you spot the spill cart immediately from storage when a spill first occurs; store anywhere indoors
