

PIG® Heavy-Duty 3-Drum Poly Spill Containment Pallet

PAK213 Holds (3) 210 ltr. Steel or Poly Drums, 250 L Sump Capacity, 2041 kg Load Capacity

The strongest pallets you can buy won't buckle or bow, even under the heaviest loads!

– Pallets won't buckle or bow; we test all of our PIG Containment Pallet designs at max load for months to ensure they can handle full capacity at your facility
– Strong enough for long-term storage of liquids with high specific gravities
– Innovative design transfers weight to load-bearing channels to maximise capacity
– Molded-in sump catches leaks, drips and spills to help you comply with regulations and keep your storage areas clean and safe
– Low height means loading and unloading require less effort and drum tops are within easier reach
– Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
– Textured grating adds traction and lifts out for easy sump access
– 2-way forklift entry allows easy movement from either direction (unloaded only)
– Linear design fits perfectly along walls for easy access to each drum

Item#	Description	Dimensions	Weight
PAK213-WOD	Without Drain	88cm W x 211cm L x 22cm H	39.9 kg

Item#	Description	Dimensions	Weight
PAK213-WOD	Without Drain		

Colour	Black
Dimensions	88cm W x 211cm L x 22cm H
Recycled Content	43% Post-Industrial Recycled Polyethylene

Load Capacity UDL	2041 kg
Sump Capacity	250 L
Double-Stackable Unit	Not Double-Stackable
Drain	No Drain
Fork Truck Access	Two-Way Fork Access, Move Unloaded Only
Grates	(1) 132cm L x 66cm W & (1) 66cm L x 66cm W Grate
Sold as	1 each
Weight	39.9 kg
# per Pallet	8
Composition	Sump - LDPE w/ UV Inhibitor;Grate - Polyethylene
Capacity	(3) 210 ltr. Steel or Poly Drums
