

PIG® Heavy Fluids Mat

MAT210 Heavyweight, 56cm x 26m, 1 roll

Standard mats can't handle thick liquids - but these absorbents are specially designed to drink up paints, glues, resins and other viscous liquids.

- Thirsty air pockets absorb even the stickiest heavy liquids with only slight pressure
- Ideal for cleaning up paint spills, glues, resins, liquid chocolate, syrup and varnish
- Quickly absorbs thick, high-viscosity liquids that conventional absorbents can't
- Can also be used to filter metal chips and other large debris from liquids
- Rolls are ideal for cleaning up larger spills of thick liquids

Specifications

Colour	White
Dimensions	56cm W x 26m L
