

## PIG® IBC Folding Drip Tray with Absorbent

IBC6500 41cm x 36cm x 9cm, .9 L Sump Capacity, 1 each

Skip the cleaning step of removing IBC valve attachments when you rely on this flip-up IBC drip tray, with absorbent mat pad, to catch every last drop.

- Keep your floor spotless, down to the smallest drip detail, by attaching this folding drip tray with absorbent mat pad to your IBC to catch excess leaking liquid from the valve during and after removal of attachments
- Improve your facility's safety by conveniently flipping up the tray when not in use and strapping it securely, with the built-in storage cord and cleverly designed tray wings, against the front of the container to prevent tripping
- Take more time between changeouts and draining since this IBC spill tray holds up to 900mL of liquid, 266mL of which are fully absorbed by the mat
- Install it all seamlessly, as this versatile drip pan for totes fits any size of caged-style IBC and the included precision-cut mat lays perfectly inside
