

PIG® Leak Diverter for Roofs

TLS463 213cm x 213cm

Stop devastating roof leak damage and protect your people, equipment and inventory with the original diverter. Invented here!

– The original Leak Diverter - invented here and engineered to stop devastating roof leak damage every time, guaranteed
– Hangs easily in problem spots to catch nuisance leaks and channel them to a floor drain or collection container
– Ideal for quick response to avoid downtime after a roof leak or for long-term prevention in leak-prone areas
– Nonpermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew for long life
– Pinched corners help funnel liquid toward centre for better drainage
– Accepts a standard 3/4" hose connection to channel liquid to floor drain or collection container (hose sold separately)
– Flow rate of 12.6-litres per minute when used with a 1/2" ID hose
– Grommets resist tearing and make installation easy
