

# **PIG® Leak Diverter for Roofs**

TLS560 41cm x 305cm

Stop devastating roof leak damage and protect your people, equipment and inventory with the original diverter. Invented here!

- The original Leak Diverter invented here and engineered to stop devastating roof leak damage every time, guaranteed
- Long, rectangular shape is ideal for catching leaks or accumulated condensation along cracks, fissures or pipes
- Hangs easily in problem spots to catch nuisance leaks and channel them to a floor drain or collection container
- Ideal for quick response to avoid downtime after a roof leak or for long-term prevention in leak prone areas
- Nonpermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew for long life
- Pinched corners help funnel liquid toward centre for better drainage
- Grommets resist tearing and make installation easy
- 41cm width fits easily between joists
- Accepts a standard 3/4" hose connection to channel liquid to floor drain or collection container (hose sold separately)
- Flow rate of 12.6-litres per minute when used with a 1/2" ID hose
- Edges feature rods along length for additional stability
- Rods split at 152cm lengths for easy storage
