

PIG® Magnetic Roof Leak Diverter Tarp

TLS1998 51cm x 51cm

Quickly respond to metal roof and ceiling leaks with our Magnetic Roof Leak Diverter Tarp, even in hard-to-access areas.

– Stop devastating roof leak damage and protect your people, equipment and inventory from rain, snow, condensation or process leaks
– Sewn-in magnets allow for easy, fast deployment anywhere that metal is present
– Magnets provide a strong hold in areas where traditional leak diverter tarps with hanging straps may be difficult to hang
– Heavy-duty vinyl-coated tarp resists punctures, UV and mildew and lasts multiple deployments
– Pinched corners create a funnel to channel liquids to a drain or collection container without overflowing or sagging; engineered with leak-proof seams and connections
– Flow rate of 12.6-litres per minute when used with a 1/2" ID hose
– Hose (required), hanging straps (optional) and collection container (optional) sold separately

Item#	Description	Dimensions	Weight
TLS1998-YW	Yellow	51cm W x 51cm L	.7 kg
TLS1998-WH	White	51cm W x 51cm L	.7 kg
TLS1998-BK	Black	51cm W x 51cm L	.7 kg

Item#	Description	Dimensions	Weight
TLS1998-YW	Yellow		
TLS1998-WH	White		
TLS1998-BK	Black		

Use With	Roofs
Drainage Hose	Sold separately

Hanging Straps	Sold separately
Corner Style	7.5cm Pinched Corner with Grommet
Additional Grommets per Side	None
Total Grommets/D-Rings	4 Grommets
Installation Method	Magnets
Style	Square
Dimensions	51cm W x 51cm L
Hose Connector	.75"
Sold as	1 each
Weight	.7 kg
# per Pallet	540
Composition	Diverter - PVC, Polyester; Magnets - Neodymium
Flow Rate	12.6 ltr. per Minute
